Taily Appeal.

MONDAY EVENING. MAY 30, 1864

Since the heavy engagement of General CLUBCREE Friday night, nothing but steady skirmishing has been going on at the frent, and it is impossible to conjecture when a general engagement may be looked for. Some two handred and fifty wounded were brought

the result of this before going to press. Since writing the above, we learn that the the was a most excellent and promising young from getting to York river as a base of operations. At the same time it is stated that a conville. Their force is variously estimated from attack was against Polk's corps. Three say man as well as a gallant officer. eral assaults were made by the enemy, each of which was repulsed with heavy loss. Par faller particulars of the engagements on Friday, see

car telegraphic column.

As regards the situation of affairs in Virginia and the prospective renewal of the conflict between Gous. Lee and GHANT, the Examiner of the 25th, says that "in the letters of 'army correspondents' we have lately seen the opinion expressed, that there would be no immediate collision between the great armies near the city. Such an opinion showed little knowledge of GRANT'S provious career. He is not McCLEL-LAS, OF MEADE, OF BURNSIDE. GRANT IS & most expeditions pawinage. He expects to play the same game with Las and Riehmond piler. In the language of the preface, this little that he did with PEMBERTON and Vicksburg He hever delays battle longer than is necessary to march his troops to the fire, and concerns is probable that he and his chief officers are under the Ballneination that his adversary is 'de moralized' by 'retreat;' believe that LEE cannot pleasing and testructive companion. be reinforced; suppose that his loss is equal to their own. Be this as it may be, it is very evidept that the decisive battle is about to be fought Yeslerday the cannonade; and probaably while the reader regards these lines, the exists of the great fight is reached.

GRANT has brought the whole army boldly over the river. Lass confronts him before the Junction, for which the struggle is to be made We await the shock with faith and resolution General Law occupies a position of great natural strength. So far from being demoralized, we know that his troops were never so keen, never so well supplied and content. The Con- the Volunteer State and her soldiers. federate army is nearly equal in prophers to what it was when the first battle was joined It consists wholly of corps which General LEE knows and which know him. GRART har been reinforced. But it is doubtful whether his recommanded-who have never been commanded by any one in battle-garrison and poliday troops-the scrapings of the cities and the rate of the bospitals. While we are sure that the possible that defeat should come to us at this time, at this place, from such hands. Our men officers and their general know their duty to: well to give an inch. The eyes of their country are fixed on them. They contend for more than life. Victory will be peace-an end of danger

-an and of hardship. the 26 h, says " the forces of GRANT are already on the North Auna, and the two armies stand facing each other, and prepared for the despe rate struggle which is certain to ensue. For our own part, we cannot seriously entertain any feel-we should be the most callons of morta's have none. This is the pervading sentiment among our citizens at this moment, who, while out thinks that Grant is reconnoisering, but the occasion so momentons, yet place the firmest
